

EVALUATION GRID

PA2: Database manipulation and exploration

Submission date : October 26th, 2023, 23:59

Group no. :

Descriptive data analysis

Number of collisions (year, month and day)	/1
Transformation of categorical values	/1
Collision severity (year and day)	/1
Collision severity by explanatory factor	/2
SQL queries	/3
Subtotal	/8

Spatial data analysis

Calculation of network length by entity	/1
Integration of another variable to be taken into account	/1
Number of collisions per municipal entity	/1
Severity of collisions by municipal entity	/1
Vulnerable users by municipal entity	/1
SQL queries	/3
Subtotal	/8

Cartographic presentation of various analyses

Map comments	/1
Cartographic quality	/1
Subtotal	/2

General evaluation

Respect of guidelines	/1
Structure and spelling	/1
Subtotal	/2

TOTAL /20
